## Farm Camp Curriculum

**Vision:** Here at Franny's Farm Camp we submerge your children into the lifestyle that is farm life. Here at the farm, love is a deep emotion we encourage the children to develop. A love for the animals, a love for the land and the reward of growing and raising your own food. As an interactive farm, the children have access to interact and observe chickens, turkeys, goats, sheep, a donkey, a pig (all with their own names of course). Access to the edible gardens is also a treat for the children to enjoy.

Our goal is to teach our campers what it really means to be organic and sustainable and love for all things living. We hope that you join us at Franny's Farm Camp and get your taste of farm life.

**Animal Focus:** Each day a certain animal is focused on, we encourage discussion/questions about this certain animal and breed. The goal is to spend 30 minutes a day on animal focus. Whether it be discussing the history, why this breed is resilient and why Franny chose for them to be a part of the farm. If that does not take the 30 minutes, then the children will then be encouraged to just "hang out" with the animals. Observe them, think of things to write in your journal. Animal focus is not all about talking, but about creating connections.

**Garden Time:** Garden time is expected to be about forty-five minutes each day. Being in the garden does not necessarily mean working the entire time. However, we do encourage children to participate in garden work and encourage everyone to view it as a team activity. Garden work consist of: planting, pruning, pulling and playing. When the children are not busy at work there will be other garden activities for the children to do including: garden scavenger hunt, fun math activities ( $\text{plants} \times \text{production} = \text{yield}$ ), life cycle lessons, drawing the garden, gathering materials for popsicles and journals, plant identification and garden games (garden tic tac toe).

**Farm Tour:** This is a great introductory to the farm that happens on Monday. It last about 30 minutes and encourages the children to say hello and feel more comfortable about be around the animals. At this time, it is more about soaking it all in then spending quality time with each animal. Animal focus is the time where the children can truly sit and connect with the animals.

**Mountain Hike:** Once or twice a week the group will hike to the upper area, enjoy games and activities in a different setting. This is a great opportunity for children to walk in woods, enjoy the elements and learn the history of these mountains. We will also have some team building games and a plant identification scavenger hunt.

**Team Building Games:** This is a time where the children will be encouraged to work together and also work with children that they do not know very well. Here are a few examples of some of the games: Back to back drawing, spaghetti marshmallow game, musical chairs, balloon juggling, spot the difference, please sign-interview game, lawn games, popsicle making and

## Franny's Farm Camp

P.O. Box 16921 Asheville, N.C. 28816

lawn memory. Name games will also be a part of team building. It is important for campers to get to know each other.

### **Water Games:**

The children will have forty-five minutes, up to an hour, to play in the pond or water games. Usually the children enjoy jumping in, getting in the canoe and creating impromptu games. Besides free play we will have the following water games available for the children to play: cup over the shoulder, sponge toss, water balloon toss, squirt water cup or ball race, bottle game and sponge darts.

**Scavenger Hunts:** There will be multiple scavenger hunts for the children to do in various locations around the farm. One for the garden, the animals, the upper area and the overall farm. This is also where children will learn plant identification through participating in scavenger hunts.

**Journal Time:** Journal time will be an essential and important part of the day. Children will create their journal on Monday out of old chicken feed bags. Each day children will have 30-45 minutes to relax and write in their journals. Each day children will have a prompt given to them (examples: what could you do to help the farm, or what can you do to help other?) There will also be a word of the day and the children need to document something they learned from animal focus.

**Craft Time:** Craft time will consist of a daily craft that each child is encouraged to participate in. After the craft, the children are encouraged to have free time with craft materials. Daily craft projects include: tie dying, painted rocks for garden décor, imagine games, yarn art, wood crafts and whatever their creative minds conceive.

**Homesteading:** This time will be devoted to learning what to do with the abundance of food that the farm provides. Examples include: Canning, composting, rotational grazing, pickling and value added products.

## **What to bring to Franny's Farm Camp**

**\*\*leave all electronics and toys at home\*\***

We are excited to get the fun started with your camper this summer! To make the most of our time together, please pack:

- A lunch/snacks that don't need refrigeration
- A refillable water bottle (WATER is best, vs. juice or sports drinks)
- Clothes to really play hard in with sturdy closed toe shoes (**NO** flip flops or crocks)
- Bathing suit
- Towel
- Sunscreen (Feel free to have it on already, but we can help reapply.)
- Bug Spray
- A great attitude to try new things and join in the fun

**Franny's Farm Camp**  
P.O. Box 16921 Asheville, N.C. 28816
